Phone: +998331663033

Motivated Junior Front-End Developer with practical experience creating responsive and user-friendly web applications through academic and personal projects. Proficient in **HTML, CSS, SCSS, JavaScript, TypeScript, React and Next.js** with a solid understanding of UI/UX fundamentals. Eager to apply skills in a professional setting, contribute to collaborative teams, and grow through continuous learning and clean coding practices.

Projects:

Movie App

A simple React application that allows users to search for movies using public API. Built with responsive design, clean UI components and with dark mode.

[GitHub](#) [Demo](#)

Furniro Online Shop App

The desing likely includes dynamic, responsive product cards, hover states, modal or detail-view triggers. Building with React and Tailwind CSS.

[GitHub](#) [Demo](#)

KalgoDev Community App

Simple web site with news about IT and Technology. This project allows programmers to stay informed about developments in the field and contribute. With Login and Register.
